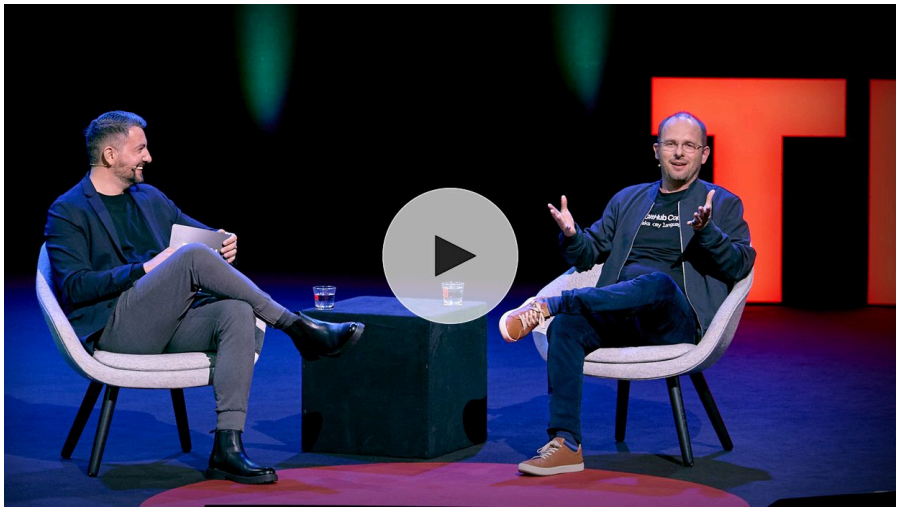
TED TALKS DAILY



Vlad Gozman, Thomas Dohmke - 19 min

Can Europe win the age of AI?

GitHub CEO Thomas Dohmke discusses Europe's readiness to lead the next era of AI innovation, examining how the continent's tech ecosystems stack up against those in the US. In conversation with TEDAI Vienna co-curator Vlad Gozman, Dohmke explains the three key shifts that will help Europe thrive in the age of AI — and shows how GitHub's initiatives can empower anyone to build new ideas around the world. How to help your team manage change

***Fixable* - 34 min**

The only constant in any work environment … is change. So how do we create processes for our teams during times of transition that don't cause damage along the way? Hosts Anne Morriss and Frances Frei guide a listener on how to communicate effectively when managing rapid change.
